

THE ROYAL BALLET SCHOOL

Appropriate Physical Contact in Dance Policy

Physical Contact

- Teaching classical ballet is a physical activity and must involve, at times, physical contact with the student.
- Contact by the teacher is made, with particular awareness of the needs of each individual, to assist the young dancer in correcting placement.
- The School accepts that it is necessary to adjust parts of the body (especially with the younger students).
- It is expected that all teachers will treat any physical contact with due sensitivity and care.
