Protection: ensuring that the School acts in co-operation with other agencies to protect and support students who have been abused. This includes:

- a) Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse
- b) Ensuring all appropriate actions are taken to address concerns about the welfare of a student or students, working to agreed local policies and procedures in full partnership with other local agencies especially the Police and the Richmond, Hammersmith and Westminster Safeguarding Children Boards and LADOs

- c) Sharing information about concerns with agencies who need to know, and involving students and their parents/guardians/carers appropriately
- d) Monitoring students known or thought to be at risk of harm, and to contribute to assessments of need and support packages for those students
